

```
#include<stdio.h>
int main(){
    int n;
    printf("Enter any number: ");
    scanf("%d",&n);
    if(n==0)
        printf("Invalid");
    if(n==(n/2*2))
        printf("Even");
    else
        printf("Odd");
    return 0;
}
```
